RE: Letter from Agfa
Giampaolo.Zani@agfa.com

TO WHOM IT MAY CONCERNE

We herewith confirm that Agfa Graphics as a multinational company has several production plants worldwide. However as quality is one of our main concerns we are respecting on a worldwide level our production rules.

This means that plates either produced in Germany, Italy or China will have the very same Agfa characteristics and high standard quality level.

Sincerely,

Agfa Graphics NV
